Cause Marketing  
Raises  
Brand Awareness**

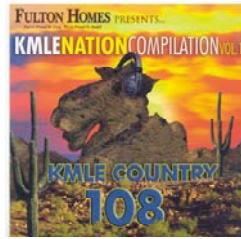

## Special thanks to our proud sponsors:

Every client accomplished their specific marketing objectives and raised brand awareness while funding a worthy, high-profile cause.

KMLE Nation Citizens proved that they are highly responsive to Cause Marketing, pledging over One Million Dollars in 40 hours. No other Valley Radio Station has ever yielded results like that. KMLE listeners are eager to patronize businesses that take an active role in giving back to their community.

The KMLE Nation engages in Cause Marketing events throughout the year. There are still several opportunities available for your business this year. Reap the benefits from supporting a great local charity.
